29 March 2023

Dear Parent/Carer

Re: Separate Sciences Easter Revision Sessions

In addition to the full GCSE Easter Booster sessions programme, we are pleased to be able to offer some Separate Sciences revision sessions.

The sessions will be available on the following days and times:

- Tuesday 4 April: 09:30 – 12:00 – GCSE Separate Chemistry in KF29
- Tuesday 4 April: 12:45 – 15:15 – GCSE Separate Physics in KF29
- Wednesday 5 April: 09:30 – 12:00 – GCSE Separate Biology in KF30
- Wednesday 5 April: 09:30 – 12:00 – GCSE Separate Physics in KF29
- Wednesday 5 April: 12:45 – 15:15 – GCSE Separate Chemistry in KF29
- Thursday 6 April: 09:30 – 12:00 – GCSE Separate Biology in KF30

The sessions will be the same as each other on the different days, therefore students should only sign up for 1 Chemistry, 1 Physics and 1 Biology session across the week.

Students must be pre-registered for the sessions by booking a place through the following booking link by Thursday 30 March 2023

<https://outlook.office365.com/owa/calendar/GCSEScienceRevisionSessions@TheEducationAlliance.onmicrosoft.com/bookings/>

Spaces on the sessions are limited, therefore if a certain session is not appearing, then the session may have already been filled.

The revision sessions are designed to supplement the revision programme that is taking place in lessons and in school and is in addition to the extra revision resources that students already have access to.

Yours faithfully,

Callum Holness

Director of Science
