Dear Parent/Carer

Re: South Hunsley Sixth Form Industry-Led Curriculum 2023

I am writing to inform you about an exciting and unique change to our sixth form curriculum that will be launching at South Hunsley Sixth Form College from September 2023

Students in Year 12 will continue to study the subjects that they have opted to take at Post 16 level, but they will also be able to engage in a number of industry-led enrichment opportunities which aim to put employability skills development at the heart of the curriculum so that students not only leave us with excellent academic qualifications but also the skills and qualities needed to succeed as a university graduate or higher-level apprentice in the future.

Each of our subject areas will ensure that the curriculum links to industry wherever possible and departmental staff and leaders will provide our students with a range of employability skills development opportunities to help grow the next generation of world-class employees who possess the highest level of academic knowledge, technical ability & employability skills to not only apply for the nation's most competitive job roles, but also support the government's strategy of boosting national productivity and global economic growth

Your child will benefit from the following core opportunities:

- **Industry linked lessons**
- **Industry linked projects**
- **Employer visits**
- **Employer masterclasses**
- **Employer competitions**
- **Careers appointments**
- **The START Programme**
- **The STEPS Programme**

Your child could benefit from the following opt-in opportunities:

- **Employability Skills Development Programmes**
- **The Up-Skill Me Programme**
- **Virtual Work Experience**
- **Work Placements**
- **Visits**
- **The Industry Mentoring Programme**

You can find out more information by visiting the following page on our website
