4 July 2023

Dear Parents/ Carers

## Re: Year 10 Support Materials

Further to our communication last week relating to NEU strike action, we have no choice but to close the school to Year 10 students on Wednesday 5 May and Friday 7 May. The school will be open as normal to all students on Thursday 6 May.

Please find below resources and materials that students can complete at home that are matched to our current curriculum. These resources and more are always available for students who are working at home on the Limitless Potential pages of our school website here:

<https://southhunsley.org.uk/limitless-potential/>.

### English

Students are currently studying Power and Conflict. The link below will take students to the Oak Academy menu page. Students should click on English. In the Year 11 section (not Year 10) they will find a unit entitled Unit 3: AQA Power and Conflict Poetry. They should complete lessons 5/6/7/8.

<https://continuityoak.org.uk/lessons>

### Maths

The maths curriculum for year 10 is very close to the end of content for the year. Some classes will have completed the Unit 5 assessment and some will not. Students can either revise topics they have covered throughout the year or focus on revision for the unit 5 assessment. Students who are revising general topics from Y10 can be guided on which areas to focus by reviewing the retrieval assessment they completed last half term.

Our Limitless Potential pages have links to Hegarty Maths and Corbett Maths resources that cover of these areas. Students simply need to access the Maths section of the Year 10 page on our school website here, and complete the videos and tasks for the most recent topic area they have covered in their maths lessons: <https://southhunsley.org.uk/limitless-potential-year-10/>.

## Science

Students will be at different stages depending on their set and if they are studying the trilogy science qualification or separate sciences. However, this half term has a large focus on recapping and assessing knowledge. All the science topics that have been covered this year are presented with suitable lessons, resources and quizzes on our Limitless Potential hub here: <https://southhunsley.org.uk/limitless-potential-year-10/>.

Students can also use their time to complete any homework they have. This can be found on Teams and includes the English and maths work that is set as standard every week. Additionally, students may want to use some of their time to continue with their current reading book.

Please note that students who would normally receive a free school meal will receive a top up of £6 on their account.

Thank you for your ongoing support.

Yours faithfully
